Bancroft, Hulbert Howe. <u>History of California</u>. Vol. 5, San Francisco, The History Co., 1886. p. 676-678: "San Francisco and its buildings before the outbreak of the gold fever in May 1848. In these notes, and the accompanying plan I have attempted to fix the location of the principal buildings of the town... Block 11 lot 4 - Richard Knowles '47

(The plan at the right is taken from the above history and an X has been placed over the original lot. This lot was sold after several years to the Church of England which built a small chapel

on the site. Later, a large catedral was built on the site but it was destroyed in the 1906 eqrthquake and fire. The Episcopal Grace Catedral was then built up the hill and across the street where it remains today. The Knowles property was sold to an insurance Co. that built a nice granit-covered building. In the 1960's, this building was sold to a vocational school which now uses it. From the original site, the Knowles moved to 245 Clay Street or Torrens Court as it is known today. There are still apartment houses on Torrens Court - not the original, but built after the 1906 earthquake and fire.

13 Aug 1933 Salt Lake City UT F Marilyn Lois Knowles Rulon and May were born and raised in Salt Lake City. While attending Jackson Jr. High, Rulon met May by "falling off his bike when seeing her beautiful blue eyes." The young couple raised their six children during the hard times of the depression and Rulon supported the family by farming. Jean remembers, "During the depression years, Rulon worked for the SP Railroad as a fireman. Jobs were scarce so he would often journey to Ogden to see what was available. This was an opportunity for the whole family to pile in the truck and make a day of it. There was a park where the children could ride the merry-go-round and a big treat was ice cream. As far as they were concerned, it was a great world because we had each other." After becoming a train engineer, Rulon moved to Alameda CA. The family was sealed in the SL temple in 1941 after the drowning death of nine year old Donny. Rulon and May then operated a saw and lawn mower shop in San Leandro and later moved to Castro Valley. In addition to the shop, Rulon worked as a maintenance engineer in various places including the Oakland Temple. The one outstanding quality of both May and Rulon is their generous and sincere love of their family which extends now to their growing family of great grandchildren.

My husband and I met at Ricks College in Rexburg ID. After two years in Provo UT where Charlie finished his schooling at BYU, we headed for Canada to make our home. Charlie grew up in Cardston, Alberta where we now live. We did live in Calgary for two years, but felt it was too big a city for us. Cardston is a small town of about 3,000 people and a nice town for bringing up children.

Charlie is in charge of feed formulations and purchasing at the feed mill here in twon. He is a provincial basketball referee and plays basketball regularly in a church league. We are both active in the LDS Church. Charlie is Sunday School President and I am Laurel Advisor so we manage to keep quite busy. We both enjoy sports of all kinds. We play tennis and softball or anything else we can find to do. Our children are still young, but, they already show interest in sports - probably because they get to attend so many activities with Mom and Dad.

My wife and I met in high school. We dated for a year and a half, then we were married during the latter part of high school We started our family soon with our daughter Lyndy. Fifteen months later, our son Kyle was born. We love them both very much and plan to have more in the future. My wife spends her time keeping house and in her LDS Church callings. She is a Sunbeam teacher in Primary and also is a visiting teacher. She enjoys all sports.

In my grade school years, I won several awards for track including a gold medal for the three quarter mile run. I participated in the AAU for several years. I kept my studies in school directed towards agriculture and now work for a corporation which farms about 2,000 acres. Later we hope we can start our own farm. I am a member of the LDS Church and my wife was converted shortly before we were married. We enjoy our life now and look forward to the future.

John and Jean were married on Sunday Aug. 8, 1943 at her home in Alameda and attended a fireside group that evening. Monday, they journeyed to Utah on the train where Jean met John's parents for the first time. On Wed., Aug. 11, they were sealed in the Salt Lake LDS Temple.

John worked at Mare Island Naval Shpyard in Vallejo CA as a shipfitter and then as a planner and estimater for 33% years before he retired in 1973. Now he enjoys working in the Oakland Temple, golfing and keeping our cars in tip-top shape.

Jean has worked at the Bank of America on Mare Island for 19 years, first as a teller and now as an officer.

Elizabeth is attending Brigham Young University in Provo UT with a communications major. She has learned to snow ski since attending BYU and loves it.

When the boys were all young, they were in scouts and Jean worked as den mother for the cub schots. John was cub master and Elizabeth enjoyed the activities so much that she wanted to be a "boy" scout when she grew old enough.

Our family has always enjoyed camping, so much so, that when Dick and Y vonne were married and Bob and Amelia, they decided they wanted to combine their honey moon with our yearly camping trips. Our favorite spots are Shasta Lake where we enjoy water sports and Carmel where we enjoy the beautiful white sand beach and watching others surf.

Their first child was born while they were in Provo. In 1970, they moved to California and continued to attend school. In Sept., 1971, Jim was called to active duty with the U.S. Navy. After boot camp, they went to Tennessee for schooling where their second daughter was born. Jim was then assigned to a Helicopter Squadron in San Diego where they spent 18 months. After his release, he started working for the Bank of California until Jan., 1974 when it was back to BYU and a Bachelor of Science degree in Business Management earned in Aug, 1975. After graduation, the family moved back to Southern California where Jim started with the Bank again. Due to internal problems with the bank, it was job changing time again. Gordon and I met soon after he returned home from his LDS mission to England. We had each been called by our Hayward Stake Presidencies to be M-Men and Gleaner leaders. Our friendship didn't have a very hard time growing during all the time it took to plan and carry out the spiritual and social activities for our Stake. We were married soon after. We lived in the Northern California east bay area the first six years of our marriage. Gordon worked designing and making plastic letters the first couple of years. Then he went to work for the telephone company. He is now into his 11th year with them. During these years I have been very busy having children and tending to my church and civic duties. We moved to Idaho when our oldest child was five in hopes that the change would help our children's asthmatic problems. We moved from Parma to Idaho Falls so we would be closer to better medical care for the children.

In 1978, Gordon decided to work for an independent telephone co. and will be working all over the county and in some foreign countries.

After serving in the Merchant Marines during the war, Grant and his bride began an adventure. They bought property WAY OUT in the country.. called Puente at that time.. and built with their own hands a beautiful home that grew to hold five children. The next years were filled with being Girl Schot leader, Boy Scout leader and hiker and active in the Lutheran Church.

They still reside, some thirty years later in Hacienda Heights CA (as the area grew, the name changed) which is a suburb of Los Angeles. Grant worked for many years with the Helms Bakery as did his father, Peter Koch, and is now with Whittier College. Lorraine has worked with day care centers using her Early Childhood c'edentilas. They have never had a chance to sit around and grow old since the house has been filled constantly with kids since 1947. Gary and Karen are both married. Sharon is living in Whittier having completed Bible College. Larry has just graduated from high school and Barry is now in jr. high. Karen is a practicing dental hygienest graduated from the University of Southern Califonia School of Dentistry and obtained her Expanded Functions license from Loma Linda University. She has served in many capacities including treasurer of the American Cancer Society; President of the Business and Professional Women's Club: Instructor of individual development and parlimentary proceedure classes and appointee to Riverside Co. Commission in the status of women.

Jeff graduated from U.S.C. with his B.S. in Mechanical engineering while working towards his M.S. in Graduate Business Administration. Preferring to work more directly with people, Jeff returned to U.S.C. School of Dentistry and is now in general practice.

The small town of Murrieta attracted Jeff and Karen with its rolling hills, clean sky, and friendly people. They purchased and developed the Murrieta Professional Building while living on the adjacent acreage with their growing menagerie. Jeff has served the community in many citizen groups - one successfully fought the location of a jetport in the valley, and other appointments by the Riverside County Board of Supervisors include commissions dealing with long range community zoning and planning. Jeff originated the local health fairs and has served as the President of the Chamber of Commerce. He is also on the Board of the Carriage Club for the San Bernardino Civic Light Opera.

They now reside in Rancho CA within the Murrieta Valley, where architctural design and interior decorating have become an avocation and they hope to soon design and build their home in the Mirrieta foothills.

Jerry and Leora met in Boise ID. They were both working there and Jerry was Leora's father in an LDS family home evening group. Their courtship and engagement consisted of building their first home. After the relationship survived Leora dropping siding on Jerry's head and almost electrocuting hime, they thought it must be the real thing! They were married in 1975 in the Idaho Falls Temple.

They lived and worked in Boise the first year, then moved to Nampa when Jerry went into building and contracting full time. Leora got to quit her job in Boise soon to become Jerry's Office Manager and Bookkeeper. They are presently building their third home. The birth of Jeralee has required her mother to retire from bookeeping but Leora is busy and happy.

OBITUARY - Juab Times, Nephi, Utah (date close to death)

MRS. SUTTON DIES SUDDENLY. The death of Mrs. Emeline L. Sutton last Monday was a shock to her many friends. She had been suffering for over a year from diabetes - in fact, ever since the death of her husband, she seems to have been suffering from this malady. She had only been confined to her bed about three days. During to colours they pook their two life

She was born in Council Bluffs Iowa, 59 years ago, while her parents were on their way from England to Utah. When she was 6 days old, the journey was resumed, and the first few weeks of her child-hood days were spent amid the hardships of the plains. Her parents first stopped off at Spanish Fork where they lived for a season, later moving to Nephi where she subsequently married Henry Sutton, and has resided here ever since.

The deceased was always a loyal church worker, having served as Sunday school teacher, president of the First Ward Primary, and teacher in the Relief society. She was a devoted wife and mother, self-sacrificing, ready at any time to help any one in need. she was a good neighbor, and well like by everyone. She was the mother...

Leslie Jones and Ava Sutton were married Apr 18, 1917 in the Salt Lake City LDS Temple. My husband has always been owner or manager of department stores, having lived in Casper W., Ceder City UT, Evanstum Wy. and San Diego CA. He retired when he was 58 years old and we traveled for a year before his fatal heart attack of Dec. 10, 1960. His life was his family and the LDS Church was his love. He was a bishop, branch president, stake officer and finally

was set apart as a temple worker in the Los Angeles Temple. After his death, I have continued with the assignment as temple worker and have been such for almost 20 years.

Almost five years after Leslie died, I remarried Guy Lester Roberts of San Mateo CA who had been sent down from there to learn the ordinance work in preparation for opening of the Oakland Temple. After 6 months in L.A., we went to Oakland where we trained the people up there to become ordinance workers in the Nakland Temple. We were officiators for Thursday and Friday nites for four years and really enjoyed our work there.

We were called on a full time mission to the Virginaia - North Carolina Mission and were gone two years. We came back to San Diego and worked for some time in the L.A. temple until our health precluded that assignment.

Les and Alvera started married life in La Mesa CA. In 1947, they moved to Salt Lake, fulfilling a desire to do genealogy and temple work. Here, they made a living in the dry cleaning business. They raised a family and sent all of them to BYW. Their boy and one girl filled missions for the LDS Church.

In 1976, Les and Alvera were called as full time missionaries to the Oakland CA mission. This mission has been very fruitful and filled their desire for another mission.

Our family presently lives in Orem UT where Eric teaches Physical Sciences at BYU in mechanical engineering. He also has a M.A. and B.S. in Physics from BYU. Last year, he co-authored the book, Sorry, We're Out of Energy... Or Are We? Before this, he was a tour director for BYU Travel Studies to Europe and the Holy Land. He presently enjoys giving slide lectures and firesides on "Science and Religion" and "The Holy Land."

Eric and Cheryl met in Salt Lake City after his return from a mission to Brazil. For a year, they courted while at BYU, and were married in the Salt Lake Temple.

Cheryl continues to play her cellow in the Utah Valley Symphony and also enjoys performing her husband's compositions (especially his orchestral suite about the life of the general-prophet Mormon) as he "fills in" the orchestral part on the piano.

Our children have shown interest in performing on the piano and often accompany the family in singing church hymns.

Just after Dennis completed an LDS mission to London, England in 1965-67 and I to Frankdurt, Germany in 1966-68, we met at BYU and were married in the Salt Lake Temple. Dennis received his B.S. in Accounting and 1969 and an M.S. in Public Administration in 1970 from BYU and thereafter earned his Certified Public Accounting certificates in the state of Hawaii and Utah. I received my B.A. in Music Education from BYW and an M.A. in Music Education from the University of Hawaii in 1972 while Dennis taught business at BYU Hawaii Campus (CCH) and I specialized in violin.

Our children have joined us in the several places that we have lived - Lori just five weeks before we moved to Accra, Ghana, Africa for a two year tour with the Agency for International Development under the U.S. Department of Sate. We have really learned to appreciate America even more by living in Africa.

Jackie remembers moving from place to place with her father who managed variety stores in Wyoming, Idaho, and Utah. Times were hard during the depression and Jackie lived with her grandparents and attended school in Salt Lake. After the fifth grade, the family moved to Evanston Wyoming where Less opened a store. We were active in school, church and civic affairs and Jackie graduated from Evanston High School. After high school, Jackie and her sister moved to San Diego and Jackie worked for the Bank of America. There she met and married Allen and they moved to Laramie Wyoming where Allen attended the University of Wyoming After college, the family moved to Salina UT where the children were raised and then to Kanab.

Allen and Jackie have both served in all of the LDS Church auxiliaries at the ward and stake level and they are very active civically. Allen is Media Coordinator at Kanab High School, on the Public library board, Cancer Chairman, and Stake librarian. Jackie is the escro clerk and bank teller at Zion's First National Bank at Kanab (27 years). secretary of the Ladies Literary League, secretary of the Southern District Utah Federated Women's Club, Cub Schot Den Mother, and in the Stake Y.W. presidency.

Heber and Mona met in 1968 while students at Dixie College in St. George UT. They married in the St. George LDS Temple that year. After six months, Heber joined the U.S. Air Force. The first year was spent in training in the South and the second year was a tour in Vietnam. During this time, Mona stayed at her Mother's and worked. The last two years of the service were at Mt. Home AFB in Idaho wher Tera Lyn was born. After getting out of the Service, Heber wanted to finish his education, so the family moved to Logan where Heber worked on a degree in landscape architecutre. He graduated in 1975 and since they liked the Cache Valley area, they bought a home in Providence UT just outside of Logan. Mona presently teaches the MIA Maids and Heber is in the Elder's Quorum Presidency in their LDS Ward. Janet moved around with the family in her early years but then finished high school in Salina. When I graduated that year, the family made plans to move to Kanab UT. I worked in Kanab until the winter semester and then attended S.U.S.C. at Cedar City UT. In June, I camp home and worked that summer so I could attend Henager's College in Salt Lake City in the Fall.

Janet did well at Henager's. She held the highest awards in shorthand and typing and did exceptionally well but she still wanted more schooling so she attended Dixie College at St. George. She loved Dixie immediately. She was put on the Associated Women's Council the first year, was active in music both in choral and solo work, singing with the Dixie dance band, and performing for assemblies and other campus activities. She had one of the lead roles in "How to Succeed in Business Without Trying" as Hedy LaPue. At this time, Janet's brother, Heber, introduced her to a former missionary companion. Ted DeMille and they began to date.

On May 3, 1968, however, our greatest tragedy struck our family when Janet was operated on for a cancerous tumor - fibro-sarcoma within her chest cavity, outside her lung. A four pound cancer was removed, along with part of four ribs in an effort to get all of the growth. Still she and Ted were married on May 31 as they had planned at the Manti Temple.

During Ray's employment with United States Gypsum Co., we had the opportunity of living in four different states. Therefore, we made several friends and had many choice experiences serving in the LDS Church and in the communities where we have lived.

Ray has served as city councilman, president of Kiwanis Club, High Priest Quorum, in Sunday School and M.I.A. presidencies, president of Gerlach NV School Board where he was instrumental in getting a new school building for that area and also in establishing a branch of the LDS Church there.

Nida has served in Primary and M.I.A. presidencies, M.I.A. Stake Board, Sunday School teacher, Relief Society teacher, secretary of the Relief Society and a Visiting Teacher.

We were both serving as librarians in the Seattle North Stake Genealogy Branch at the time of Ray's death.

In May 1975, our family honored us on the occasion of our fiftieth wedding anniversary with a family dinner and open house held at the Fine Arts Center in Nephi. All of our family were present. It was a very special, happy day for us meeting relatives and friends and renewing old acquaintances.

Gregg was born at the Merritt Hospital in Oakland six months after his wife Linda. Though they were born in the same hospital, their paths were not destined to cross for twenty foury ears.

After Gregg graduated from high school, he attended Ricks College in Rexburg ID for one year. He received a mission call for the LDS Church on May 25, 1971. He served two years in Belguim and Northern France. When he returned from France, he worked for San Francisco Oakland Helicopter Airlines. This job enabled him to return to Europe one year later and to visit France, a country he had developed a great love for.

After high school graduation, Linda attended the University of California at Davis where she received a B.A. in English Literature: She then worked for an orthodonists in Davis.

Gregg and Linda met in May of 1974 at the home of a mutual friend. Their first date was a helicopter ride around the San Francisco Bay Area. They were married a year and a half later and sealed on their one year anniversary in the Oakland Temple.

Gregg is working full time as a receiving clerk for a Hayward Sheet Metal plant and pursuing a liberal Arts degree. Linda recently received her teaching credential and is now teaching for Adult Education in Hayward.

In the death of Alva Chappell, the seventeen year old son of Mrs. Unity Chappell, which occured yesterday afternoon, Nephi has lost one of her brightest and noblest young men. Young Alva was indeed a credit to his mother and other members of the family. For a number of years he has been ailing, but it was thought here of late that his health was improving until about a week and when he took worse and suffered much until death releaved him. The funeral will be held in the tabernacle Sunday afternoon at 3-20. The mother and family have the heartfelt sympathy of the entire community. A full account of the funeral and his career will be given in the next issue of the Times.

Besides visiting the wards looking after other details, the Stake Officers found time to do other things. We gave a bazzar to help our finances. We had two or three excurzions to the Manti Temple. We visited people in their homes and invited them to go. There were several old people who had temple work to do who were not able to go to the temple. We took their names and finished the work for them. As time went on, I could see there were other things needed in the R.S. When I was nursing in some homes, there were things needed that the people could not provide. I had heard of one Stake that had a loan closet for the benefit of their wards. I felt that was needed in our stake. We talked the matter over with the Ward Presidents and all were willing to cooperate with us. We bought the material. The high school gave us the priviledge of using their sewing machines. It was not many days until our closet was equiped sith seventy five articles to be used for maturnity cases and nineteen

During the World War I, we were called to preserve all fruits and vegatables that could be got, dried carrots, beans, apples, plums, all must be bleached in a bleacher. In all this, the Wards helped willingly. I have labored in the Primary Stake for two years. I had charge of the Theology lessons for two years in the South Ward R.S. I had charge of religion class for two years in 1925 and 1926. Supervised the ladies

On the 6th day of June, 1919, I took out a life membership in the Genealogical Society of Utah. I spent many weeks in research work and obtained hundreds of names of my forefathers, the Knowles and Osborn families. I spent four weeks at the Mesa Temple in Arizona. In the 1914, I went to the World's Geneological Convention in San Francisco as a representative of the Juab Stake R.S. I also went to Provo as a representative of the Stake R.S. and took a four weeks course in welfare work and was set apart as welfare worker in South Ward R.S. I held that position for five years. I have a life membership in the Daughters of the Utah Pioneers and was elected Chaplin for the County Camp for five years. I worked on the old folks committee for twenty years as secretary and general work with the committee. I gave five minute talks in Sunday School and offered Prayers on Mother's day while I labored in the R.S. I sat up many nights with the sick and dying, prepared many bodies for burial. I have assisted in giving many blessings to my sisters for motherhood. Attended many prayer meetings for the sick and offered the special prayers. I have had the honor of paying tribute to eleven of my departed friends at their funeral services. To have had the priviledge of associating with so many wonderful women has enriched my life. I have taken an active part in politics. I have run for city recorder on the Democratic ticket and was defeated by six votes. I was appointed register agent for district no. 1 on June 1, 1932 and held that for several

A SONG OF SERVICE

If all my pain If all my joys, And all my tears, And all my laughter, And all that I have learned Could give one single sound Through all the years, Faith in hereafter; Could make on single perfect song If all the radiant things I see, To right some wrong. Known but to Me, To lift some fallen head, Could give one half-life strength To light some darkened mind, Lend sight to stricken eyes, I should feel that not in vain I should know I helped the world I served mankind. The Drama - p. 3

When I took part in a play, I was paid five dollars a night. The play was put on two nights, so that gave me ten dollars. My husband also took part, so that gave him ten dollars, making twenty dollars. We wanted to put that in something we could keep, so we decided to buy a feather bed. We bought a twenty pound feather bed, and I still have the bed. I also played a part in "Foiled", or "A Struggle For Life and Liberty", a war play, that would take well just now. I also played a part in "Way Down East", also a part in the "Hidden Hand", as Capitola, the news boy. This play was well put over. In fact, all our plays were well put over. No pains were spared in staging a play. New scenery was painted whenever necessary, and all stage properties provided for the production, to make it as realistic as possible. I took part in the play "The Siege of Lueknow." There were others that I had small parts in, but cannot recall the names just now.

Each play was followed by a farce, that is a comedy. The farces I took part in were "Freezing a Mother-in-Law", "Lakin's Love Letters", I Shall Invite the Mayor", and "Irish Broom-maker". I took part of the "Broom-maker's wife." It had been advertised as a side-splitting farce, but it was a perfect failure. When it was over, not a smile could you see. There were other farces, but I just don't remember the names.

One of the amusing incidents that happened, a man had to play a flute but the man selected for that part could not play, so a man who could play was stationed just outside of the wings to p_{xy} for him, and the person on the stage went through the motions. When the man on the stage stopped playing, the man in the wings went right on. It was an emabarrassing situation, but the man on the stage said "Oh, my", hear that echo!"

Emily was born in Nephi Utah and lived all her life there. She was the oldest in the family and the only girl, and her father died when she was 16 years old. At that time she quit school and went to work. She met T.W. Vickers after he came home from his LDS mission in Germany and married him soon after. They lived first at her mother's home and then in part of his parent's home. They finally bought the Pettigrew home at 54 E. 2nd South in Nephi and lived there the rest of their lives.

Dad was a school teacher and farmer. He owned a dry farm and an irragated farm. He worked in the LDS Church all his life, holding many jobs, but the one he loved and held until he died was Senior President of the 71st Quorum of Seventy. He was a fine tenor singer and sanf at many functions. Mother often accompanied him on the piano. He was also Juab County Clerk for many years.

Mother worked in the Church all her life, being good in drama and directed many plays in M.I.A., etc. She worked in Relief Society as a teacher, secretary, counselor, organist, etc. She was also active in the Daughters of the Utah Pioneers.

I was raised in a home in which the love of a father and mother for each other and for their children was the predominate characteristic. They worked hard to provide a living for their children, and were always proud and happy with our accomplishments. I loved to read and spent many rewarding hours at the public library. In those days, recreational acitivities centered around the church and school. I took part in many Ward plays and programs. I also participated in school plays, public speaking contests and was a member of the debating society for several years. I was an officer of the school classes and various organizations. My religious activities started with speaking in Church. My first experience was in teaching a religion class with Grandma Unity Chappell. I was then a freshman in high school. I then taught Primary and became assistant secretary in M.I.A. for one winter. I was married in 1929 and we lived in Fountain Green for a while. We then moved to Nephi where I was mainly involved in raising my five wonderful children. I taught sunday school and was second counselor in the Girls Organization. This was an organization to encourage girls to attend their meetings, to take part in service, and to develop their abilities to speak in church and develop testimonies. I spent two years as a stake missionary and then taught the MIA Maids for four years and the Laurels for four years. I attend the temple regularly even though the last years of my life have not been easy. Each of my children have good educations and I feel that my family is a precious gift from God.

Fred Chappell was born in Nephi UT and attended schoold in that city. He only attended school through the 10th grade and went to work with his father in doing custom bailing of hay. Fred finally went to work for the Government on a part time basis working as a horse wrangler for a geodetic survey party who were using horses to do survey in rough country of Utah. Fred gradually worked himself up in Government doing survey work until the last several years before retirement he was head of one of the survey parties. He ultimately retired from the Government when his health began to fail. Most of his adult life was spent in Nephi and/or Salt Lake City. In later life, he met Josephine and was married for the first time. David Webb was a superintendent of a number of textile factories in England, where he met and married his first wife, Esther. After coming to America, he settled in the states, then moved to Utah. He was one of the early settlers of Nephi, where he was elected a councilor in 1852 at the first election. He was named a member of a committee in 1854 to fortify Nephi against Indian attacks. He was a choir leader, made looms and had quite a reputation as a weaver. He also made shoes for his family. After reaching America, David met and married Caroline in a polygamous union. He had two large families but the two wives did not get along very well so the half brothers and sisters were not well acquainted. Little is known about Caroline, but on her death, a very large monument was placed on her grave – a symbol of devotion from her children.

William Cole Ockey, the first of ten children, was born in Salt Lake City, Utah. His family moved to Nephi prior to July 4, 1854. He married Sarah Ann as a young man and they had one child, Leah. When Leah was four years old, Sarah Ann died.

WHEN BORN

In November, 1889, William married Lizzetta Simpson. They had two sons, William Cecil and Gordon, born in 1905 and 1910. William was a very successful sheepman and later a cattleman.

When Leah had been married for twelve years, her husband, Alma died, leaving Leah and five children. Grandpa William took the family in and took responsibility for them. He enjoyed the responsibility and the new family.

William's son Eugene died at age eight. His son William served in World War I, and his son Gordon died in World War II when a Japanese suicide pilot quided his plane into Gordon's ship.

William died of pneumonia in 1925 at the age of seventy five. He was loved by all who knew him - particularly by his children and grandchildren.

Leah was only four years old when her mother died, but she was raised by a kind a loving father, her step-mother Lizzetta, and her aunt Zelnora Webb Ockey. Leah's husband, Sisson Chase, was a photographer at Chase Studio when he died of a heart attack at the age of twenty nine, leaving Leah with five small children, the youngest being five months old. Grandpa William Ockey then took responsibility for the family.

WHEN BORN

For ten years, Leah was treasurer of Nephi City but because of poor health she had to resign. Tragedy struck when her oldest son Donald, diet of sarcoma at the age of twenty four after he had been married only a year and a half. Her son, Alma, "Bud", was killed in a truck-auto accident in December. 1941 and was buried on Pearl Harbor day. He was only thirty four, and left a wife and daughter. Leah was very worried all the time her son Ralph served in World War II. She never remarried and lived to a ripe old age.

UNUSUAL EXPERIENCE

At 4 years, Leah's mother died and at night she was crying in her pillow, when a light came - like a lamp into the room. She sat up and there was her Mot'er standing in the pool of light. Leah knew that her mother was dead and being frightened, buried her head under the covers. When she looked again. her mother was gone. Whe always wondered

what her mother had come to say. On another occasion, years later as she was sleeping, a voice woke her with the words, "Leah, get out of bed!" It was a quiet night and she paid no heed, but when the voice came again - "Leah, get out of bed!", she jumped out of bed just a few moments before a large piece of plaster fell on her pillow. She would have been killed.

She had many other similar experiences throughout her life.

Jon: I was born in the beginning of the WWII baby boom. We lived in Utah until 1953 when we moved to Portland. After a few years, I developed the mythological "webbed feet" and decided to make this my town. On Thanksqiving day, 1959, I met my wife. From then on, we must have gone to every LDS Ward and Stake dance they had. On Thanksqiving day, 1962, I gave Carol her engagement ring and we were married on the following April Fool's day. A couple of years after we got married, we had our daughter Dustin followed in about 3 years by an adopted son Shane. We bought a big old house in the Ladd Addition (an historic district in the heart of the lower east side), and are bringing up our children with a special live for city life, and especially this city. Much of our leisure time is spent discovering our town and learning of its history.

Carol: As a child, my family moved a lot because my father was in the Air Force. We settled in Portland when I was 12. I have colled Portland my home for over 20 years. At the age of 15, soon to be "sweet sixteen", I met Dennis. It was love at first dance. At present, I am wife, mother and automobile insurance underwriter. Things I love - anything silver, orange, Fall, snow, cats, open fires, flowers, candles, soft music, and family get-togethers.

Notes: Obituaries: Deseret News 28 May, 1936, p. 26, and 8 Nov 1941, p. 16. The family lost track of Carol in 1922. The estate of Robert Peel was in probate in Santa Barbara CA in March-June, 1963.

When I met the Lorenzo Webb family in 1917, they owned a dairy ranch. northeast of Nephi Utah. Lorenzo's father, David was a polygamist and had two wives. There were 5 children in the David and Caroline family. Lorenzo being the oldest. His father was a poor provider for the two families, so Lorenzo had to go to work at the age of 12 to provide for his mother and her children - Henry, Charles, Cordelia, and Sarah. Lorenzo drove a freight wagon from Salt Lake City to cities in California and on his return, he would bring lumber to Salt Lake City which was used in the Mormon Tabernacle. Lorenzo married and had four children. In later years, he lived with his son Hosmer and family in Cut Bank MT. Lorenzo lived to be 81 years old and is buried in Cut Bank near the home of Hosmer Webb.

Daniel Barrett was raised near Conesus Lake in upstate New York. Due to persistant home teachers, he joined the LDS Church at age 11. He attended Livonia Central High School where he was the only Mormon, but succeeded in becoming the school's student council president his senior year. He attended Brigham Young University for a year, was called on an LDS mission to Brazil for two years, and then returned to Brigham Young University where he received a B.S. in zoology. His greatest accomplishment was finding Janelle Johnson, of Ogden, UT at BYU and persuading her to marry him. Dan and Jan had one daughter before leaving BYU. They then moved to Chicago so Dan could attend Northwestern University Dental School. Tima was born during their second year in Chicago. Dan graduated in June, 1978 and has moved to Bellingham WA to practice dentistry in the nearby town of Everson.

I, Aurelia, have a B.A. degree for the U. of Utah and a M.A. from Northwestern. I taught art and French in high school and jr. high until I married Reed in the Salt Lake Temple on Friday the 13th. Reed was in the National Guard and was called into active service during WW II. We had not been able to have a family, so between moves and assignments, we did quite a job of collecting. We got Lee George (3 wks old) Scotch English ancestry; Reeda (6 wks old) Scotch Irish; Larry Gomer and Barry Morgan (3 mths old) Ukranian; Kerry Lynne (3 yrs) Scandanavian; Fawn (4 wks) American Indian; and Mari (18 mnths) Japanese. This took us from Canada to Tokyo, and varous U.S. bases and from 1943 till 1953. They are all married now and we have 17 grandchildren. We have always been active in the LDS Church and have been guides on Temple Square and ordained Temple workers. We have traveled to the South Seas, to the Middle East, Europe, Mexico, Canada, and Iraq. We are now on a mission to the Visitor's Center of the California, Los Angeles Mission and we are looking forward to many other interesting and exciting experiences.

I. Bernice, was married July 13, 1941 and in all places, a cocktail lounge. It may seem strange that I would begin this resume' with my marriage. but that was the day I first began to live. Everything prior to that is incidental. My future husband had scoured the small town of Winnemucca NV for a suitable and romantic setting for our wedding, but with little success. The only place available on that delightful July day was the cocktail lounge in the Humboldt Hotel. With happy hearts, we were married by Bishop Gordon Clark, youngest brother of J. Rueben Clark. It was a short hop from there to the temple. The stop gap in the beginning was "time." My husband, a mining engineer, had just opened up a manganese mine for Columbia Steel. The steel company, in the throes of war time panic was demanding that the metal be produced continuously 24 hours a day. Finally, on the 13the of Sep, 1941, we were married in the Salt Lake Temple. What a wonderful life it has been - two children, years of criss crossing the country looking for more ore. Gold mines, the oldest department store in northen Nevada, a dress shop in Reno, two years at Lake Tahoe, wonderful years spent in the Colorado Rockies, traveling and working for the Lord. We now live in Zion - have a saddlery shop, three lovely grand children, and a deep and abiding faith in the future.

Actually, you might say it all began with music. Cecil and I played in the high school orchestra together. In the years that followed, Cecil fulfilled an LDS mission to Western Canada and part of his time in the armny while I attended Brigham Young University and was graduated with a B. S. in elementary education. We were married in the Salt Lake Temple in 1954 and then went to Olympia WA while Cecil completed his service obligation. We returned to Salt Lake where Cecil attended and was graduated from the University of Utah with a B.S. in business. We spent most of our sixteen years of married life in Utah and in the Salt Lake and Bountiful areas with a few years in Boise ID. Cecil worked in the Benefits Dept. at Sperry Utah and then worked for Travelers Insurance Company about the last five years of his life. He was killed in a sledding accident in 1971. Our two children have been an important part of our lives. We've always been active in the LDS Church. Cecil was serving as Counsellor in the Bishopric when he was killed. I think my most challenging position was as Counsellor in the Relief Society. Currently, I'm living in Bountiful working as a secretary in a law office. Dallin fulfilled a mission to Indonesia and is attending Brigham Young University. Wendy is a high school student and loves English and playing the piano.

We were both raised in Salt Lake City UT and have lived here with brief exceptions all our lives. Within two months after our marriage, I (H. Hudson) left for a mission in Germany for the LDS Church. Upon returning, I was set apart as a counselor in the 30th Ward Bishopric, and in less than a year was ordained Bishop of the Ward. I served for about seven years until we built a home outside of the ward. Susequently, I have served as a High Councilman, Counselor in a High Priest's Quorum, a stake mission, High Priest Group Leader, on a Sunday School Stake Board, and Sunday School teacher. With the exception of operating a small grocery during the depression of the 30's, I have practiced accounting all of my life. My wife has served on Relief Society Stake Boards, Ward Relief Society President and Secretary, also Stake Mutual Boards.
